

Congratulation to International Scholarship Winners (2019-20) from Energy Management (MBA-PS) Department by Association of Energy Engineers (USA)

The Association of Energy Engineers® (AEE®), founded in 1977 by [Albert Thumann](#), is a nonprofit professional society of over 18,000 members in more than 100 countries with head quarter in USA – being the largest association of energy professionals. The AEE Foundation Scholarship program was established to encourage qualified practitioners in energy engineering and energy management to further education in these fields by awarding scholarships. To date, the Foundation has awarded over \$950,000 in funds for use by more than 1900 outstanding students. IISWBM is proud of more than 30 students since 2003 who have won the AEE International Students' Scholarship, after being scrutinized and adjudged based on their performance in the Energy Management course emphasizing energy engineering, energy management, and energy/sustainability and also fulfilling the criteria set by the international panel. This international recognition is a landmark in the pursuit of professional excellence and building international career.

Congratulations to the achievers, names of the four recipients from IISWBM in 2019 are listed at
