MESSAGE FROM HEAD, MSW

The Indian Institute of Social Welfare and Business Management was set up in the year 1953 with the vision to create professionals to manage professional business organizations with an awareness of the social responsibilities of the business. The name of the Institute itself suggests that the founding fathers felt the need to blend business management with social welfare through academic excellence. The focus at IISWBM has always been to create socially conscious professional managers. The postgraduate degree program in Social Welfare has been designed to meet the growing need for trained manpower, through value-based professional education for social work in different social spheres. The course provides students with a sound theoretical knowledge about social work, social welfare, laws, politics and the fields and domain of social work. It helps develop knowledge of history and development of social work in India and abroad as well as current trends of social work practices. It aims to develop skills in students for working with people and communities at different levels and network with other groups and professionals working in similar areas. The course also emphasizes an understanding of the relation between the State, its policies and laws and how these can be usefully deployed for ensuring human rights and entitlements.

The course is delivered through classroom sessions, presentations, seminars as well as fieldwork based internship. Students are required to choose two specialization to qualify for the degree. The areas offered are Child & Family Welfare, Correctional Social Work, Community Organization & Development Practice, Labour Welfare.

In addition to attending regular classes, the students are given the required exposure of social work. This is done by organizing interactions with senior government officials and social workers of various NGOs of national and international repute. They also visit NGOS to have practical exposure of the working of such social welfare organizations.

We try to create through proper, systematic education, trained social work and social welfare professionals who can be employed by various governmental, inter-governmental and nongovernmental organizations working in micro as well as in macro levels, locally, nationally or internationally.

We request you to meet our students and give them an opportunity to work with you.

Sincerely,

Prof. (Dr.) Sudeepa Banerjee
Head
Masters in Social Welfare (MSW)

ABOUT IISWBM

It has been 67 long years down the path of knowledge; the Indian Institute of Social Welfare & Business Management shines bright in the scholastic world for its constant yearn for success and betterment.

The year was 1942, the first Prime Minister of India, Pandit Jawaharlal Nehru laid the foundation stone of a social welfare training to match the needs of skilled labour by the British Government for its ordnance factories. Few years later on the 25th of April, 1953, Dr. B. C. Roy, the then Chief Minister of West Bengal along with Dr. D.K. Sanyal, established the first B-School of the country.

The IISWBM has the honour of lending valuable expertise to esteemed institutes such as IIM-C (Indian Institute of Management, Calcutta) and DoMS IIT ISM Dhanbad.

The Department of Posts, Government of India released a commemorative stamp to celebrate the Golden Jubilee of the Institute in 2003.

Currently IISWBM offers courses on MBA, MBA(HRM), MBA(Energy & Env, Logistics, Healthcare), MSW, Retail, Sports Mgt., Integrated M.Phil & Ph.D., all of which are autonomous courses affiliated to the University of Calcutta.

IISWBM holds the pride of being the first institute of the country to offer an MBA degree. All these years, the highly knowledgeable faculty, dedicated staff, deemed alumni and erudite students have upheld the esteem and pride of the institute and will continue to do so in the foreseeable future.

The three pillars of IISWBM...

1. **Quality of Faculty**, that consistently ranks highest amongst premier B-Schools in terms of Intellectual Capital
2. **Learning environment** - the faculty members are dedicated to the development of its students and the Institute and regularly engage themselves in research and project work. Several faculty members have won prestigious award over the years
3. **Successful Alumni spread across the globe.** IISWBM has tested the seasons of time to raise itself as a respectable brand name that generates overwhelming response even today

ABOUT MSW

'It is not enough to be compassionate. You must act.' - **The Dalai Lama**

The Indian Institute of Social Welfare and Business Management was set up in the year 1953 with the vision to create professionals to manage professional business organizations with an awareness of the social responsibility of business. The idea of Social Welfare has been associated with the institute from the very inception, as the late **Dr. Bidhan Chandra Roy** in his wisdom perceived the connection between Business and Social Welfare. Hence, the evocative name of our institution, The Indian Institute of Social Welfare and Business Management.

In this department, we try to uphold Dr. Roy's vision. We train our students so that they do not lose sight of the fact that working in the social sector as social workers leads to promoting a healthier socio-economic atmosphere that is conducive to a healthy business sector, while running a socially conscious business initiative creates a synergy between the people and the business world where the people do not eye all the businesses endeavors as purely profit hungry and hence exploitive.

We offer our students specializations in areas of :

1. Community Organization and Development Practice
2. Labour Welfare
3. Child and Family Welfare
4. Correctional Social Work

These specializations provide them an exposure to the different varieties of Social Work, but before the students choose their specializations in their Second Year (or Third Semester as it is properly called), they are given a sound grounding in sociological theories and other allied analytical methods and perspective so that they can grasp the embeddedness of their own practice of social work in large socio-economic context that connects business practices with Social Welfare.

We send our students for internships in various reputed organizations in the field of social work for them to get some hands-on experience in social work. Therefore, our students do not come out as merely 'theoreticians' of social work but as 'practitioners' with some experience.

ALUMNI SPEAK

IISWBM has paved my way into the corporate world. All of my memories with the college are deeply rooted in my heart. Our batch laid down the foundation stone of MSW department. The pedagogy was eclectic, but it could have been further augmented if theories, which were taught, were supplemented with practice and industry exposure as a part of the curriculum.

- Aniruddha Kundu
Ujjivan Small Finance Bank (Hr Manager)
MSW batch 2014-2016

MSW course in my college had provided a basic foundation so that I could create my career the way I would want to and the credit shall go to the college for that what I am now.

- Brishti Biswas
Bangla Natok.Com (Project Executive)
MSW batch 2015-2017

It is a unique addition to the management courses. Social Management is a very interested and exciting area to work in. IISWBM being the 1st Bschool in South Asia has also been the 1st Institute to come up with MSW as a management course, in Kolkata. MSW is a course for every individual who has interest to contribute to the society. This course has been very interactive and explorative experience with the strong of faculty and excursions. But, MSW students must be given more exposure to be a part of different college committees as well.

MSW batch 2016-2018

MSW at IISWBM has given me the opportunity to think holistically about the change in society. It's robust curriculum and the faculty has helped me to develop myself and become a strong professional in the social sector world.
