INDIAN INSTITUTE OF SOCIAL WELFARE AND BUSINESS MANAGEMENT
KOLKATA

The Institute

IISWBM was constituted on 25th April 1953 by a resolution passed by the Senate of the University of Calcutta. This was the culmination of the joint initiative taken by the University of Calcutta, Government of West Bengal, Government of India and the captains of industry in India to set up for the first time a management education institute in India, a concept alien to many in the educational fraternity at that time. The Institute has successfully crossed its Diamond Jubilee Year, signifying over 60 years of an eventful journey in management education in India. IISWBM, the first management institute of India was thus established by Dr. B. C. Roy, the then Chief Minister of West Bengal as its Founder-President and Prof. D. K. Sanyal as the founder Director. Government of India, Department of Posts in recognition of 50 years of glorious existence of the first B-school in the country, released a Commemorative Postage Stamp on IISWBM, on 25th April 2004 in New Delhi.

The Institute offers an unrivalled array of professional courses, covering our flagship MBA and MBA-HRM programme to a diverse range of PG/Doctoral Degrees in Management, MBA-Public Systems, Social Welfare, Retail and Media Management.

The Institute stands firm on its three pillars : 1. Quality of Faculty, that consistently ranks highest amongst premier B-Schools in terms of their Intellectual Capital 2. Learning environment - the faculty members are dedicated to the development of its students and the Institute and regularly engage themselves in research and project work. Several faculty members have won prestigious awards over the years 3. Infrastructure Facility.

The Institute takes pride in its alumni spread across the globe.

There are Full time Day and Part time Management Programmes conducted by the Institute. Considering growing global competitions, the industries for their sustenance and growth are in need of professional managers to effectively manage different important areas out of which management of supply chain has assumed a demanding and significant position. To cater to this growing demand the Institute introduced One year PG Diploma course (including two months project work) on Supply Chain & Logistics Management for industry participants and students since 2009-2010.

The Course : Supply Chain Management

Since its inception in the early 1990s, the field of supply chain management has become extremely important to companies in this competitive world. The term supply chain refers to the entire network of companies that works together to design, produce, deliver, and service products. This modelbased discipline helps the managers and executives in a wide range of industries to tackle supply chain management strategies and implementations that can save millions of rupees, revolutionizing how companies integrate supply, manufacture and distribution.

This certificate course takes participants to the areas of key new models promoting state of the art of supply chain practices to be successful managers & to contribute in the, growth of their companies.
